ABOUT BAPUJI

Bapuji (full name: Bapuji Dashrathbhai Patel, also lovingly called “Dadaji” by the younger generation) was born in 1956 in the small village of Akhaj in the Mehsana district of Gujarat. However, he spent his childhood in another village named Ambasan, also located in the Mehsana district.

In the early part of his life, he was a highly successful lawyer. Later, he devoted his life to realizing the supreme spiritual truth and bringing this divine knowledge forward for the welfare of humanity. Today, this supreme knowledge serves as a guiding light for true seekers to realize their ultimate destiny. It is a blessing of the highest divinity that the present time is witnessing the rise of this supreme spiritual knowledge, guiding souls on Earth to return to their original source.

Despite being raised in a very poor family and facing challenging circumstances, Bapuji had a deep desire to transform this sorrowful and suffering world into a better place. At the young age of six, he questioned God repeatedly, asking why God remained silent about the suffering of humanity. This intense longing to end human suffering eventually led him to attain the highest level of spirituality later in life.

Even as a child, Bapuji would spend hours alone in the fields, often neglecting his own comfort. Due to poverty, he would walk barefoot without shoes or sandals, frequently

getting pricked by thorns. Many times, he would stay late in the fields and, on his way back home, encounter subtle world entities. These experiences sparked his interest in communicating with subtle world souls.

Bapuji was courageous from a young age, which helped him overcome many obstacles. Alongside his studies in chartered accountancy (CA), he gave tuition classes to support himself financially. Later, he completed his Bachelor of Law (LLB) degree and became a well-known lawyer in Ahmedabad.

In 1997, he established a spiritual institution called “Vishwa Parivartak Ishwariya Vidhyalay” in Chenpur, Ahmedabad, with the mission of transforming this mortal world, filled with suffering and disorder, into an eternal divine world of immortality. Smt. Sushma Tandon, lovingly known as “Maa,” worked alongside Bapuji in this grand divine mission.

To accomplish this mission, Bapuji worked tirelessly, dedicating all his resources to this divine purpose. During that time, he would deliver continuous spiritual discourses for up to 18 hours without rest. In these discourses, he explained the highest dimensions of divine knowledge, which he realized through deep meditation and divine vision in a state of superconsciousness. This knowledge goes beyond the imagination of the ordinary human mind.

Bapuji’s teachings cover a vast range of topics, including the types of celestial creators across different dimensions, the creation of our solar system, galaxy, and universe, and most importantly, the transcendental knowledge of the multiverse and realities beyond it. His knowledge is

supremely profound and is intended for highly evolved seekers, referred to as “behad souls.” According to Bapuji, these “behad souls” will play a key role in transforming this mortal world into an eternal divine realm.

At present, Bapuji remains deeply engaged in intense meditation and samadhi for long hours. He does not meet anyone, as he is continuously immersed in his transcendental mission in a superconscious state.

PREFACE

प्रस्तावना

· ★ ·

In a world flooded with theories about Kundalini Jagran, most seekers find themselves lost between conflicting teachings, complicated techniques, and claims that demand blind faith. Some teachers say awakening the Kundalini is the highest goal; others warn against it. Yet few pause to ask — what does the Gita actually say? What does the Supreme Himself declare as the path to liberation?

This book is not a philosophical debate. It is the direct, unfiltered spiritual discourse of Bapuji Dashrathbhai Patel — a teacher who has devoted his life to sharing *Behad Gyan*, *Atma Gyan*, and *Param Shanti* for the awakening and transformation of humanity. With more than 6,000 videos and 1.5 Crore+ subscribers on YouTube, Bapuji's mission of spiritual awakening has touched millions of hearts across the world.

Within these pages, Bapuji answers the question of Kundalini Jagran through the supreme authority of the Gita. He reveals why the soul — the *atma* — is the true eighth chakra. He explains why soul-consciousness, not body-consciousness, is the real awakening. And he shows how the simple yet profound path of remembering the Supreme — *Param Pita Parmatma* — is what leads to *Param Shanti*, inner transformation, and the ultimate journey from *Mrityu Lok*.

कुंडलिनी जागरण का सत्य

*“In the essence of the Gita, the Supreme
declares: become soul-conscious,
remember Me, and I shall liberate you
from all sins and bring you to the
Supreme Abode.”*

CHAPTER ONE

The Question — What Is Kundalini Jagran?

Today, countless theories about Kundalini Jagran (Kundalini awakening) have spread across the world. Many saints and spiritual teachers have shared their own different views on this subject. Some say it must be done; others say it should not be done. Some say it grants *Siddhi* (spiritual powers). A seeker entering the world of spirituality today encounters many teachings on Kundalini Jagran — each with its own method, depth, and perspective. For a sincere truth-seeker, finding the right and safe path among them can be challenging. Bapuji offers a clear and simple direction rooted in the Gita itself.

CHAPTER TWO

Bapuji's Answer — The Simple and Direct Path

The Gita — Supreme Among All Scriptures

For those who wish to walk the spiritual path, Bapuji says — hold on to the Gita's knowledge. The Gita is the crown jewel of all scriptures (*Sarva Shastra Shiromani*). The Gita's knowledge was given by Lord Krishna, who is the avatar of the Almighty Authority. Within the Gita's wisdom, two teachings stand above all else:

- **Become soul-conscious — recognise yourself as a soul.**
- **Remember the Supreme — maintain your connection with the Almighty.**

CHAPTER THREE

The Soul — The True Driver of the Body

Bapuji raises one fundamental question: Who runs the body — the soul or the Kundalini? The answer is clear — the soul. It is the soul that drives and operates the body. When the soul runs everything, then whatever power lies within the Kundalini also originates from the soul itself. The soul's energy flows into the Kundalini — not the other way around. Therefore, know the soul first. Know yourself first.

Where Does the Soul Reside?

The soul resides in the centre of the forehead — at the point where we apply a *tilak* — behind it, at the centre point of the brain (mind). The soul is eternal, undecaying, immortal, and indestructible. It changes bodies and travels through the cycle of birth and death according to the account of its *karma*.

CHAPTER FOUR

Is Kundalini Jagran Necessary?

According to Bapuji — there is no need to awaken the Kundalini. Here is why:

- According to Bapuji and the traditional yogic *shastras*, Kundalini Jagran is considered an extremely delicate *sadhana*. If the awakening remains incomplete — if all seven chakras are not fully pierced — ancient texts caution that the seeker may experience deep imbalances of the mind and body. This is why classical traditions emphasise practising only under a fully realised guru, with proper preparation across many lifetimes. Bapuji therefore guides seekers towards the safer, direct path of soul-consciousness.
- Kundalini awakening demands 12,000 to 15,000 hours of intense *tapasya* (austerity) — a lifetime of effort just for one process.
- Ancient rishis and munis would go to forests and caves and spend entire lifetimes working chakra by chakra — from Muladhara upward. This is not the path for a householder living ordinary life.
- Most people pursue Kundalini Jagran not for liberation or *moksha*, but for *Riddhi-Siddhi* — supernatural powers and worldly abilities.

Kundalini Awakening Is Not Mentioned in the Gita

Lord Krishna never instructed anyone in the Gita to practise Kundalini Jagran. What the Gita says is direct — become soul-conscious and remember the Supreme. So why awaken seven chakras one by one? Instead, go directly to the eighth chakra — the soul itself.

CHAPTER FIVE

The Eighth Chakra — The Soul

In the Kundalini system, seven chakras are described — from the Muladhara at the base, rising upward. But Bapuji teaches that the soul itself is the eighth chakra — seated above all others. When you awaken the eighth chakra — the soul — directly, the power of all seven chakras below is automatically absorbed into the soul. There is no need to climb step by step from below. Focus directly on the soul.

CHAPTER SIX

Sahaj Rajyog — Practise While Living at Home

In the Gita, God said — become a *karma yogi*. There is no need to leave your home, your family, or your responsibilities. The householder's life (*Grihastha Ashram*) is the greatest ashram of all. Live at home, remain in your family, and simply strive to become soul-conscious — while eating, drinking, walking, working, in every moment of daily life. This is the simple and safe path. There is no risk in this.

The Supreme is Found Through Knowledge — Not Rituals

The Supreme Himself declared in the Gita: 'I am not found through chanting (*jap*), austerities (*tap*), or meditation practices (*dhyan yoga*). I am found only through knowledge. The soul who is knowledgeable is especially dear to Me. Those with a gross intellect cannot know Me — only those with a refined and subtle intellect can.'

CHAPTER SEVEN

The Three Bodies of the Soul — and Behad Souls

Every soul carries three bodies:

- **Sthool Sharir — the Gross (Physical) Body**
- **Sookshma Sharir — the Subtle Body**
- **Karan Sharir — the Causal Body**

For souls who belong to the *Behad* (beyond limits) category, there are additionally a *Mahakaran* body (a vast subtle form) and a *Param Mahakaran* body (a supreme cosmic form). These Behad souls also carry a body made of supreme elements and a body of Param Light — the highest divine light — within them. Within every single Behad soul, there resides the power of billions and trillions of suns.

CHAPTER EIGHT

The Variety of Souls on Earth

This Earth carries an extraordinary variety of souls in human form. According to Bapuji's divine vision, countless divine souls — including those from the *33 koti devta* tradition described in the *shastras* — have also taken human birth in this special era. Souls have come from countless galaxies, from infinite solar systems (*Anant Koti Bramhand*), and from the Multiverse — all are now walking among us as human beings. Among them, some souls are like thorns and some are like divine flowers. That means, there are souls with divine qualities and souls with demonic tendencies. All have arrived on Earth for their spiritual journey.

CHAPTER NINE

You Will Receive What You Remember

The Gita teaches (8.6): ‘*Yam yam vapi smaran bhavam tyajaty ante kalevaram*’ — whatever state of being one remembers at the time of leaving the body, that state alone is attained. Bapuji explains this principle simply: to remember is to connect — to remember is yoga. If you worship ghosts, if you remember departed souls — you will receive ghosts. If you remember the Supreme, if you remain connected to the Almighty Authority — you will reach the Supreme.

Therefore, first know who the Supreme Creator is in true sense. Understand what the Almighty’s role is in creation. Learn who the Almighty Authority is — and then remember that Supreme Being with your full awareness.

CHAPTER TEN

Param Shanti Vibrations — Transform Your Life

When you become soul-conscious and your past sinful karma (*vikarm*) is destroyed, you will transform from the visible (*vyakt*) to the invisible (*avyakt*) state. From that state, *Param Shanti* (Supreme Peace) vibrations will radiate from you in all directions. These vibrations will enter your home — and peace, happiness, and harmony will fill your household. People around you will also experience Param Shanti. Your worldly life will transform into something spiritually elevated. Even your enemies will become your friends — through the power of Param Shanti vibrations.

CHAPTER ELEVEN

The Journey from Mortal World to the Immortal World

The gross body has become trapped in the world of five elements — in the mortal world (*Mrityu Lok*). Now the soul's journey is to move from *Mrityu Lok* (the mortal world) to *Amar Lok* (the immortal world). For this, the soul needs immortal knowledge that is knowledge of immortal self. By continuously contemplating on knowledge, the soul itself becomes the embodiment of knowledge. Soul itself is knowledgeable, imperishable, immortal. As one, connects with the Supreme, his/her past karma is erased and reach the *karmateeth* (karma-transcendent) state, the soul's power will awaken. All bodies — subtle and physical — will gradually be purified. The soul will then rise toward *Paramdhaam*, the highest supreme abode of Almighty Authority.

The highest *Paramdhaam* — beyond infinite universes, beyond galaxies, beyond the Multiverse — is where the Almighty Authority resides. That is the *Avinaashi Amar Lok* — the Indestructible Immortal World. Solar systems, galaxies, Universes are created and dissolved. Even the Multiverse goes through cycles of creation and dissolution. But that highest *Paramdhaam* is never destroyed.

CHAPTER TWELVE

Bapuji's Mission — Transformation of the Entire Multiverse

Our goal is *Behad* (beyond limits) that is transformation of creation beyond the physical boundaries even beyond the subtle, that is transforming the whole multiverse. Not just one solar system or one galaxy — the plan is to transform the entire Multiverse. By becoming soul-conscious, by destroying past karma, and by radiating *Param Shanti* vibrations — every soul can participate in this great transformation. The Behad soul desires to return to its Behad world — that is its true home, its true origin.
